Wanderlust: A Love Affair with Five Continents Any cute boys? Natasha Scripture's 64-year-old Indian mother wants to know. Once again, Natasha finds herself explaining that it is not easy to find a husband while serving as a relief worker in refugee camps, war zones and natural disaster areas. Yet returning to New York, still reeling from the sudden death of her father, Natasha realizes that no matter how many dates she goes on, she is no closer to finding that special someone to fill the imaginary void inside her. Exasperated by her search for love, she embarks on a 'man fast', where she stops looking for a relationship and instead turns inward to explore the question at the heart of her anxiety: what is her purpose? This soul-searching takes her deep into the wilderness: from meditating in an Ayurvedic ashram in southern India to toiling on a vineyard on Mount Etna to going on a solo-safari in southern Tanzania (where she also marries herself-yes, it's a thing). In stepping away from the demands of modern life and societal pressure to couple up, Natasha finds a space where she allows herself to become fully present and awake: to her grief, to her identity, and to love as a mystical, ever-present force. This is a book to inspire readers who also want to discover their truest, wildest, most empowered selves.

The bestselling author of Lunch in Paris takes us on

another delicious journey, this time to the heart of Provence. Ten years ago, New Yorker Elizabeth Bard followed a handsome Frenchman up a spiral staircase to a love nest in the heart of Paris. Now, with a baby on the way and the world's flakiest croissant around the corner, Elizabeth is sure she's found her "forever place." But life has other plans. On a last romantic jaunt before the baby arrives, the couple take a trip to the tiny Provencal village of Céreste. A chance encounter leads them to the wartime home of a famous poet, a tale of a buried manuscript and a garden full of heirloom roses. Under the spell of the house and its unique history, in less time than it takes to flip a crepe, Elizabeth and Gwendal decide to move-lock, stock and Le Creuset-to the French countryside. When the couple and their newborn son arrive in Provence, they discover a land of blue skies, lavender fields and peaches that taste like sunshine. Seduced by the local ingredients, they begin a new adventure as culinary entrepreneurs, starting their own artisanal ice cream shop and experimenting with flavors like saffron, sheep's milk yogurt and fruity olive oil. Filled with enticing recipes for stuffed zucchini flowers, fig tart and honey and thyme ice cream, Picnic in Provence is the story of everything that happens after the happily ever after: an American learning the tricks of French motherhood, a family finding a new professional passion, and a cook's initiation into classic Provencal cuisine. With wit, humor and scoop of wild strawberry sorbet, Bard reminds us that life-in and out of the kitchen-is a rendez-vous with the unexpected.

Lauren "Lo" Bowman is in a bit of a pickle. She needs money, like ASAP. She lost her job, the rent is due, and her car needs repairs. Problem is, the inheritance left to her by her old-fashioned Granny has one stipulation before she can collect: she has to be married. Let's just say suitors (of any gender) are not knocking down her door. And then Cara Simms, her best friend from childhood that she's recently reconnected with, pours her heart out and confesses that she needs money to pay for grad school. Lo has a completely brilliant idea: they should get hitched. Not married married. Like, fake married. All they have to do is play the part for the lawyers, get the money, and then get the marriage annulled. Easy as hell. Well, it starts out that way, but being fake married feels a lot like being real married, and Lo is flipping out. She cannot be falling for her best friend. Can she?

The Busiest Man in England

If you could choose a world without loneliness, without shame, grief, misery, or feeling of any kind, would you, if it also meant that you lost the simple pleasure of a picnic on a sunny day or the joy of falling in love? Would the allure of a comfortable numbness prove too tempting to resist? Could you choose between feeling pain and not feeling anything,

ever again? A girl is caught in a world where this choice is fiercely contested. In the cross-fire between the Red and White empires, the feeling and the unfeeling, each bent on the other's destruction, the girl must choose between emotion and oblivion, joining the ranks with the Reds as they fight to resist the Whites, but all the while struggling with her own desperate ambivalence. *All That Is Red* is a story of survival and a journey through the human condition, revealing how the intimate euphoria of pain can sometimes be all we have to remind us that we are alive. Anna Caltabiano is fifteen years old. She was born in British colonial Hong Kong to a Japanese mother and an Italian-American father, before moving to Palo Alto, California; the mecca of futurism. Her writing explores and exposes an adolescent dystopia in which accepted traditions, religions, cultures and communities have been eroded, resulting in a lost generation consumed by social apathy and self-loathing which has found solace through electronic connections. Unsettling, engaging and surprisingly erudite, *All That Is Red* is a remarkably assured debut from an ascending literary star.

Feeling guilty about his good fortune, he offers his spare bedroom--rent-free--to Billy, a talented, charismatic classmate from the Midwest eking out a hand-to-mouth existence in Manhattan. The narrator's rapport with Billy develops into the friendship he's never had due to a lifetime of holding people at arm's length, hovering at the periphery, feeling "fundamentally defective." But their living arrangement, not to mention their radically different upbringings, breeds tensions neither man could predict. Interrogating the origins of our contemporary political divide and its ties to masculinity and class, Apartment is a gutting portrait of one of New York's many lost, disconnected souls by a writer with an uncommon aptitude for embodying them.

American Savages

Frankie Bellisario knows she can get anyone she sets her sights on, but just because she can doesn't mean she should-not when the person she's eyeing is Samara Kazarian, the daughter of a southern Republican mayor. No matter how badly Frankie wants to test her powers of persuasion, even she recognizes some lines aren't meant to be crossed. But when Frankie learns she's been on Samara's mind too, the idea of hooking up with her grows too strong to resist. Only Sam's not looking for a hookup; she wants-needs-the real thing, and she's afraid she'll never find it as long as Frankie's in her head. Forced to choose between her first relationship and losing the girl who's been clawing her way under her skin, Frankie opts to try monogamy under her own condition: 30 days of keeping things on the down low and remaining abstinent. If she fails as hard at girlfriending as she's afraid she might, she doesn't want to throw Samara's life into upheaval for nothing. But when neither the month nor Frankie's heart go according to plan, she may be the one stuck fighting for the happily ever after she never knew she wanted.

Out on Good Behavior

This book is a critical biography of Grant Allen, (1848-1899), the first for a century, based on all the surviving primary sources. Born in Kingston, Ontario, into a cultured and affluent family, Allen was educated in France and England. A mysterious marriage while he was an Oxford undergraduate wrecked his academic career and radicalized his views on sexual and marital questions, as did a three-year teaching stint in Jamaica. Despite his lifelong ill health and short life, Allen was a writer of extraordinary productivity and range. About half - more than 30 books and many hundreds of articles - reflects interests which ran from Darwinian biology to cultural travel guides. His prosperity, however, was underpinned by fiction; more than 30 novels, including *The Woman Who Did*, which has attracted much recent attention from feminist critics and historians. *The Better End of Grub Street* uses Allen's career to examine the role and status of the freelance author/journalist in the late-Victorian period. Allen's career delineates what it took to succeed in this notoriously tough profession.
