AP® European History Crash Course, 2nd Ed., Book + Online

What is it really like to be a college professor in an American classroom today? An award-winning teacher with over twenty years of experience answers this question by offering an enlightening and entertaining behind-the-scenes view of a typical semester in his American history course. The unique result—part diary, part sustained reflection—recreates both the unstudied realities and intensely satisfying challenges that teachers encounter in university lecture halls. From the initial selection of reading materials through the assignment of final grades to each student, Patrick Allitt reports with keen insight and humor on the rewards and frustrations of teaching students who often are unable to draw a distinction between the words "novel" and "book." Readers get to know members of the class, many of whom thrive while others struggle with assignments, plead for better grades, and weep over failures. Although Allitt finds much to admire in today's students, he laments their frequent lack of preparedness—students who arrive in his classroom without basic writing skills, unpracticed

with reading assignments. With sharp wit, a critical eye, and steady sympathy for both educators and students, I'm the Teacher, You're the Student examines issues both large and small, from the ethics of student-teacher relationships to how best to evaluate class participation and grade writing assignments. It offers invaluable guidance to those concerned with the state of higher education today, to young faculty facing the classroom for the first time, and to parents whose children are heading off to college.

Quick Reference for Counselors

An exciting new series of study guides that lets each student design a course of study pitched to his or her individual needs and learning style. Each year, more than one million U.S. high school students take one or more advanced placement (AP) exams, and, according to official projections, that number will continue to rise in the years ahead. That is because AP exams confer important benefits on those who do well on them. High AP scores are indispensable to gaining admission to most elite colleges. They provide students with a competitive edge when competing for grants and scholarships. And they allow students to bypass required university survey courses, saving on skyrocketing tuition fees. Designed to coincide perfectly with the most current AP exams, *Five Steps to a 5 on the Advanced Placement Examinations* guides contain several advanced features that set them above all competitors. Each guide is structured around an ingenious Five-Step Plan. The first step is to develop a study plan, the second builds knowledge, the third and fourth hone test-taking skills and strategies, and the fifth fosters the confidence students need to ace the tests. This flexible study tool is also tailored to three types of students. For the more structured student there is a "Month-by-Month" approach that follows the school year and a "Calendar Countdown" approach that begins with the new year. For students who leave studying to the last minute "Basic Training" covers the basics in just four weeks. Other outstanding features include: Sample tests that closely simulate real exams Review material based on the contents of the most recent tests Icons highlighting important facts, vocabulary, and frequently-asked questions Boxed quotes offering advice from students who have aced the exams and from AP teachers and college professors Websites and links to valuable online test resources, along with author e-mail addresses for students with follow-up questions Authors who are either AP course instructors or exam developers

United States Air Force Academy

A 2017 Newbery Honor Book New York Times Bestseller A young girl's kindness, compassion, and honesty overcome bullying. ★ An NPR Best Book of the Year ★ A Booklist Best Book of the Year ★ An Entertainment Weekly Best Middle Grade Book of the Year ★ A Kirkus Reviews Best Book of the Year ★ A Shelf Awareness Best Book of the Year ★ A School Library Journal Best Book of the Year ★ A Wall Street Journal Best Children's Book of the Year ★ An ALA Notable Children's Book

"This exquisite debut confronts injustice and doesn't flinch." —People "[A] powerful debut . . . beautifully written." —The Wall Street Journal "Wrenching and true. . . comparisons to Harper Lee's *To Kill a Mockingbird* will abound. But Wolk gives us her own story—one full of grace and stark, brutal beauty." —The New York Times Book Review "When reviewers draw a parallel between *Mockingbird* and Lauren Wolk's *Wolf Hollow*, they are being neither hyperbolic, nor lazy. They are merely doing justice to Wolk's beautiful story." —NPR, Best Books of 2016

Growing up in the shadows cast by two world wars, Annabelle has lived a mostly quiet, steady life in her small Pennsylvania town. Until the day new student Betty Glengarry walks into her class. Betty quickly reveals herself to be cruel and manipulative, and while her bullying seems isolated at first, things quickly escalate, and reclusive World War I veteran Toby becomes a target of her attacks. While others have always seen Toby's strangeness, Annabelle knows only kindness. She will soon need to find the courage to stand as a lone voice of justice as tensions mount. Brilliantly crafted, *Wolf Hollow* is a haunting tale of America at a crossroads and a time when one girl's resilience, strength, and compassion help to illuminate the darkest corners of our history. "The honesty of *Wolf Hollow* will just about shred your heart, but Annabelle's courage and compassion will restore it to you, fuller than before. This book matters." —Sara Pennypacker, New York Times bestselling author of *Pax* "An evocative setting, memorable characters, a searing story: *Wolf Hollow* has stayed with me long after I closed the book. It has the feel of an instant classic." —Linda Sue Park, Newbery Medalist and New York Times bestselling author

Ditch That Textbook

5 Steps to a 5: AP U.S. History 2019

"[In this] story of a young Ojibwa girl, Omakayas, living on an island in Lake Superior around 1847, Louise Erdrich is reversing the narrative perspective used in most children's stories about nineteenth-century Native Americans. Instead of looking out at 'them' as dangers or curiosities, Erdrich, drawing on her family's history, wants to tell about 'us', from the inside. The Birchbark House establishes its own ground, in the vicinity of Laura Ingalls Wilder's 'Little House' books." --The New York Times Book Review

Student Nurse

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race,

class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

The Shame of the Cities

Explores how sixteenth-century English ideas about freedom, bondage, non-Christian cultures, labor shortages, Africans, and Native Americans contributed to the institution of slavery in the United States

5 Steps to a 5 AP U.S. History Practice Plan

Brinkley's American History, a comprehensive U.S. History program, transforms the learning experience through proven, adaptive technology helping students better grasp the issues of the past while providing instructors greater insight on student performance. Known for its clear, single voice and balanced scholarship, Brinkley asks students to think historically about the many forces shaping and re-shaping our dynamic history. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

5 Steps to a 5 AP US History, 2012-2013 Edition

Ruby Lee and Me

Despite the abundance of books on the Civil War, not one has focused exclusively on what was in fact the determining factor in the outcome of the conflict: differences in Union and Southern strategy. In *The Grand Design*, Donald Stoker provides for the first time a comprehensive and often surprising account of strategy as it evolved between Fort Sumter and Appomattox. Reminding us that strategy is different from tactics (battlefield deployments) and operations (campaigns conducted in pursuit of a strategy), Stoker examines how Abraham Lincoln and Jefferson Davis identified their political goals and worked with their generals to craft the military means to achieve them--or how they often failed to do so. Stoker shows that Davis, despite a West Point education and experience as Secretary of War, ultimately failed as a strategist by losing control of the political side of the war. Lincoln, in contrast, evolved a clear strategic vision, but he failed for years to make his generals implement it. And while Robert E. Lee was unerring in his ability to determine the Union's strategic heart--its center of gravity--he proved mistaken in his assessment of how to destroy it. Historians have often argued that the North's

advantages in population and industry ensured certain victory. In *The Grand Design*, Stoker reasserts the centrality of the overarching plan on each side, arguing convincingly that it was strategy that determined the result of America's great national conflict.

Curriculum Handbook with General Information Concerning for the United States Air Force Academy

A Century of Dishonor

Everything's changing for Sarah Beth Willis. After Robin's tragic accident, everyone seems different somehow. Days on the farm aren't the same, and the simple fun of riding a bike or playing outside can be scary. And there's talk in town about the new sixth-grade teacher at Shady Creek. Word is spreading quickly--Mrs. Smyre is like no other teacher anyone has ever seen around these parts. She's the first African American teacher. It's 1969, and while black folks and white folks are cordial, having a black teacher at an all-white school is a strange new happening. For Sarah Beth, there are so many unanswered questions. What is all this talk about Freedom Riders and school integration? Why can't she and Ruby become best friends? And who says school isn't for anybody who wants to learn--or teach? In a world filled with uncertainty, one very special teacher shows her young students and the adults in their lives that change invites unexpected possibilities.

5 Steps to a 5: AP U.S. History 2021

Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting "by the textbook" implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In Ditch That Textbook, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. Ditch That Textbook is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

Cracking the AP U.S. History Exam, 2013

U.S. History

5 Steps to a 5: AP U.S. History 2021 Elite Student Edition

Taking a hard look at the unprincipled lives of political bosses, police corruption, graft payments, and other political abuses of the time, the book set the style for future investigative reporting.

Housing Manager and Assistant Housing Manager (Municipal Building Authority)

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass

The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

American History: Connecting with the Past

The Grand Design

Presents a multifaceted model of understanding, which is based on the premise that people can demonstrate understanding in a variety of ways.
