Singapore) & Laurence Lim (Singapore National Eye Centre, Singapore) Many new treatments and diagnostic procedures in ophthalmology have been refined or newly developed during the past four years, a new edition reflecting these changes is most timely. The scope and aim of the book will be consistent with the first edition, which provides a broad review of the specialist ophthalmology examinations for final year ophthalmology residents and trainees. The book deals primarily with key facts and topics that are important from the examination perspective. Only information and facts that are considered relevant and critical to the exams are covered, with topics that may be of scientific interest, but are not commonly tested in exams, specifically left out. Time-challenged readers will also benefit from the knowledge acquired from various other sources or textbooks that are now organized and synthesized in this book. While not meant to replace the standard textbooks, enough information is contained within the book to serve as the main revision text nearer the exams. The style and format of this book is intentionally didactic, with questions and short answers. The answer includes a “model opening statement,” followed first by a classification system to aid organization of facts, and then the core explanation in concise short notes. “Exam Tips” are inserted to provide an insight into techniques of answering different types of questions and when appropriate, a “Clinical Approach” section is also included. In the new edition, topics such as new understanding of disease mechanisms (e.g., genetics of eye diseases), new investigations (e.g., OCT), and novel procedures and treatment (e.g., the use of antivascular endothelial growth

factors, new refractive surgical techniques) are covered. This book will be a valuable guide to the final year ophthalmology residents and trainees taking the specialist ophthalmology examinations, particularly for exams with a strong oral or viva component. Although primarily aimed at candidates attempting the British postgraduate exams (FRCS, FRANZCO, MRCS, MRCOphth and FRCOphth), it is also useful for other examination systems (e.g., the American Boards). Many junior residents, in fact, find the information handy during grand rounds.

The Ophthalmology Examinations Review

Annie John is a haunting and provocative story of a young girl growing up on the island of Antigua. A classic coming-of-age story in the tradition of *The Catcher in the Rye* and *A Portrait of the Artist as a Young Man*, Kincaid's novel focuses on a universal, tragic, and often comic theme: the loss of childhood. Annie's voice—urgent, demanding to be heard—is one that will not soon be forgotten by readers. An adored only child, Annie has until recently lived an idyllic life. She is inseparable from her beautiful mother, a powerful presence, who is the very center of the little girl's existence. Loved and cherished, Annie grows and thrives within her mother's benign shadow. Looking back on her childhood, she reflects, "It was in such a paradise that I lived." When she turns twelve, however, Annie's life changes, in ways that are often mysterious to her. She begins to question the cultural assumptions of her island world; at school she instinctively rebels against

authority; and most frighteningly, her mother, seeing Annie as a "young lady," ceases to be the source of unconditional adoration and takes on the new and unfamiliar guise of adversary. At the end of her school years, Annie decides to leave Antigua and her family, but not without a measure of sorrow, especially for the mother she once knew and never ceases to mourn. "For I could not be sure," she reflects, "whether for the rest of my life I would be able to tell when it was really my mother and when it was really her shadow standing between me and the rest of the world."

Mouse or Rat?

This modern classic teaches you to use the art of storytelling to persuade, motivate, and inspire in life and business Anyone seeking to influence others must first know their own story, and how to tell it properly. Whether you're proposing a risky new venture, trying to close a deal, or leading a charge against injustice, you

have a story to tell. Tell it well and you will create a shared experience with your listeners that can have profound results. In this modern classic, Annette Simmons reminds us that the oldest tool of influence is also the most powerful. Showcasing over a hundred examples of effective storytelling drawn from the front lines of business and government, as well as myths, fables, and parables from around the world, Simmons illustrates how story can be used to persuade, motivate, and inspire in ways that cold facts, bullet points, and directives can't. These stories, combined with practical storytelling techniques, show anyone how to become a more effective communicator and achieve their goals.

Philosophy flourished in the Islamic world for many centuries, and continues to be a significant feature of cultural life today. Now available in paperback, The Biographical Encyclopedia of Islamic Philosophy covers all the major and many minor philosophers, theologians, and mystics who contributed to its development. With entries on over 300 thinkers and key concepts in Islamic philosophy, this updated landmark work also includes a timeline, glossary and detailed bibliography. It goes beyond philosophy to reference all kinds of theoretical inquiry which were often linked with philosophy, such as the Islamic sciences, grammar, theology, law, and traditions. Every major school of thought, from classical Peripatetic philosophy to Sufi mysticism, is represented, and entries range across time from the early years of the faith to the modern period. Featuring an international group of authors from South East Asia, the Indian Subcontinent, the Middle East and North Africa, Europe and North America, The Biographical Encyclopedia of Islamic Philosophy provides access to the ideas and people comprising almost 1400 years of Islamic philosophical tradition.

The Story Factor

From birth to death and beyond This book depicts people at some of the most emotional moments of their lives. For more than seven years Anders Ryman traveled the world documenting life cycle rituals. The result is a book that in intimate and stunning pictures portrays more than thirty rituals from all parts of the globe. The rites range from the blessing of the newborn in a small village in Spain to a girl's initiation into womanhood among the Apaches of Arizona; from the Xhosa male initiation ceremony in South Africa to the communion with the dead during Todos Santos in Bolivia; from a woman's first childbirth in Palau to the wedding ceremonies in the Shinto shrines of Tokyo. This book is about the journey through life, about cultural diversity and what unites us all as human beings.

From the world-famous author of THE NAME OF THE ROSE, an illuminating and humorous study on the pleasures and pitfalls of translation. 'Translation is always a shift, not between two languages but between two cultures. A translator must take into account rules that are not strictly linguistic but, broadly speaking, cultural.' Umberto Eco is of the world's most brilliant and entertaining writers on literature and language. In this accessible and dazzling study, he turns his eye on the subject of translations and the problems the differences between cultures can cause. The book is full of little gems about mistranslations and misunderstandings. For example when you put 'Studies in the logic of Charles Sanders Peirce' through an internet translation machine, it becomes 'Studies in the logic of the Charles of sandpaper grinding machines Peirce'. In Italian 'ratto' has no connotation of

'contemptible person' but denotes speed ('you dirty rat' could take on a whole new meaning!) What could be a weighty subject is never dull, fired by Eco's immense wit and erudition, providing an entertaining read that illuminates the process of negotiation that all translators must make.

Rama, who rescues his abducted wife by battling the demon king who has imprisoned her. The contributors to this volume focus on these "many" Ramayanas. While most scholars continue to rely on Valmiki's Sanskrit Ramayana as the authoritative version of the tale, the contributors to this volume do not. Their essays demonstrate the multivocal nature of the Ramayana by highlighting its variations according to historical period, political context, regional literary tradition, religious affiliation, intended audience, and genre. Socially marginal groups in Indian society—Telugu women, for example, or Untouchables from Madhya Pradesh—have recast the Rama story to reflect their own views of the world, while in other hands the epic has become the basis for teachings about spiritual liberation or the demand for political separatism. Historians of religion, scholars of South Asia, folklorists, cultural anthropologists—all will find here refreshing perspectives on this tale.

Breaking Up with Barrett is the first book about the Philadelphia-based, wildly-handsome English brothers who are all on the look-out for love. (Except Alex. He's a womanizing manwhore. And maybe Stratton, because he's wicked hot, but super awkward around girls.) Barrett English, aka "the Shark," is the fair-haired, first-born of the English brothers, and the CEO of the oldest, most prestigious investment banking firm in Philadelphia. He rules the boardroom with an iron fist, refusing to take no for an answer and always getting his way. Emily Edwards, a first-year doctoral student at the University of Pennsylvania, grew up in the gatehouse on the outskirts of Barrett's childhood estate. The daughter of his family's gardener and housekeeper, she was always looking through the window of privilege, but forced to remember her place at the very periphery of the kingdom. When business partners suggest that a fiancée might soften Barrett's image over business dinners, he approaches Emily for the "job" offiancée. And while love wasn't necessarily on Barrett's radar, he begins to realize that Emily always has been. But will his take-no-prisoners boardroom tactics work on the heart of the woman he loves?

Only a woman with an iron backbone could succeed as an undertaker in Victorian London, but Violet Morgan takes great pride in her trade. While her husband, Graham, is preoccupied with elevating their station in society, Violet is cultivating a sterling reputation for Morgan Undertaking. She is empathetic, well-versed in funeral fashions, and comfortable with death's role in life--until its chilling rattle comes knocking on her own front door. Violet's peculiar but happy life soon begins to unravel as Graham becomes obsessed with his own demons and all but abandons her as he plans a vengeful scheme. And the solace she's always found in her work evaporates like a departing soul when she suspects that some of the deceased she's dressed have been murdered. When Graham's plotting leads to his disappearance, Violet takes full control of the business and is commissioned for an undertaking of royal proportions. But she's certain there's a killer lurking in the London fog, and the next funeral may be her own. Equal parts courage, compassion, and intrigue, Christine Trent tells an unrestrained tale of love and loss in the rigidly decorous world of Victorian society.
