Untamed Lover (Mills & Boon Modern)

A Chicago Tribune, Electric Literature, and BookRiot Best Book of the Year A National Book Foundation "5 Under 35" Author Marie is a waitress at an upscale Dallas steakhouse, attuned to the appetites of her patrons and gifted at hiding her private struggle as a young single mother behind an easy smile and a crisp white apron. It's a world of long hours and late nights, and Marie often gives in to self-destructive impulses, losing herself in a tangle of bodies and urgent highs as her desire for obliteration competes with a stubborn will to survive. Pulsing with a fierce and feral energy, Love Me Back is an unapologetic portrait of a woman cutting a precarious path through early adulthood and the herald of a powerful new voice in American fiction.

Visions and Beliefs in the West of Ireland;

Lost in the Bayou Selene has always had three great passions: men, food . . . and Gone With the Wind. Still, the glamorous model always seems to be starving for both nourishment and affection. Weary of the petty world of high fashion, she heads to New Orleans for one last shoot before she chucks it all and begins a whole new life. But she doesn't realize that, thanks

to an errant voodoo spell, her new life will happen 150 years in the past . . . and in the company of a dark and brooding gentleman who could give Rhett Butler a run for his money! An alarmingly handsome Southern planter, James Baptiste may not have Rhett's cavalier spirit—and his plantation is certainly no Tara! But it's clear as crystal that this virile Creole is a lover worth giving a damn about. And with God as her witness, Selene vows she will never go hungry for this man again!

"An unusual and challenging puzzle mystery that will keep [you] guessing until the final pages. Wow!" —Library Journal
STARRED review Seven years ago, Bethany Friend was found drowned in mere inches of water in the lonely Serpent Pool in England's Lake District. Was it suicide or murder? Now, determined to win justice for Bethany's dying mother, DCI Hannah Scarlett of the Cold Case Squad re-opens the case. But Hannah has problems of her own: a new sergeant with a reputation for causing trouble, a new house close to the Serpent Pool, and new cause to doubt her partner, second-hand bookseller Marc Amos. Worried by dwindling finances and the horrific death of one of his best customers, Marc finds himself drawn to the lovely and enigmatic Cassie Weston, who works in his shop. Then Hannah meets Louise Kind, sister of historian Daniel Kind. Louise has been living with book collector and lawyer Stuart Wagg, and has just confessed to her brother that she struck Wagg with a knife. Searching for the supposed victim, Hannah and Daniel—who is writing a book about the brilliant but opium-addicted 19th-century English writer Thomas De Quincey—encounter dark secrets and strange obsessions that oddly echo De Quincey's drug-fueled writings.

The Practice of Politics in Safavid Iran

Frankly, My Dear

Here are the first two novels of the cult series Red Dwarf in one volume – Red Dwarf and Better Than Life – plus the first draft of the original TV pilot script. It all when Dave Lister is celebrating his twenty-fourth birthday on a Monopoly board pub crawl round London, and somehow ends up three million years from Earth, marooned in the wrong dimension of the wrong reality, and down to his last two cigarettes. Together with a dead man, a senile computer, a deranged sanitation mechanoid with an overactive guilt chip and the best-dressed entity in all six known universes, the last remaining member of the human race begins his epic journey home.

The Safavid dynasty originated as a fledgling apocalyptic mystical movement based in Iranian Azarbaijan, and grew into a large, cosmopolitan Irano-Islamic empire stretching from Baghdad to Herat. Here, Colin P. Mitchell examines how the Safavid state introduced and molded a unique and vibrant political discourse, reflecting the social and religious heterogeneity of sixteenth-century Iran. Beginning with the millenarian-minded Shah Isma'il and concluding with the autocrat par excellence, Shah Abbas, Mitchell explores the phenomenon of state-sponsored rhetoric. A thorough investigation of the Safavid state and the significance of rhetoric, power and religion in its functioning, *The Practice of Politics in Safavid Iran* is indispensable for all those interested in Iranian history and politics and Middle East studies.

Marine Auxiliary Machinery, Seventh Edition is a 16-chapter text that covers the significant advances in marine auxiliary

machinery relevant to the certification of competency examinations. The introductory chapters deal with the basic components of marine machineries, such as propulsion system, heat exchanger, valves, and pipelines. The succeeding chapters describe the pumps and pumping system, specifically the tanker and gas carrier cargo pumps. Considerable chapters are devoted to the operation of machinery's major components, including the propeller shaft, steering gear, auxiliary power, bow thrusters, and stabilizers. Other chapters consider the refrigeration, heating, ventilation, and air conditioning systems. The final chapters tackle the safety system of marine auxiliary machinery, particularly the fire protection, safety, instrumentation, and control systems. This book will prove useful to marine and mechanical engineers.

Thermal and Fluids Systems Reference Manual for the Mechanical PE Exam

This densely illustrated, hands-on guide to diesel engine maintenance, troubleshooting, and repair renders its subject more user-friendly than ever before. Finally, boatowners who grew up with gas engines can set aside their fears about tinkering with diesels, which are safer and increasingly more prevalent. As in other volumes in the International Marine Sailboat Library, every step of every procedure is illustrated, so that users can work from the illustrations alone. The troubleshooting charts in the second chapter--probably the most comprehensive ever published--are followed by system-specific chapters, allowing readers to quickly diagnose problems, then turn to the chapter with solutions. Diesel engine systems covered include: mechanical; oil; fresh- and raw-water cooling; low- and high-pressure fuel; exhaust; starting; charging; transmission and stern gear.

Instructor Resources Case questions and solutions, complete instructor versions of the spreadsheet models, PowerPoint

slides, and a transition guide to the new edition. Student Spreadsheets ([click here for access](#)) With this casebook, students have the opportunity to apply finance principles and concepts to settings that simulate actual work environments. In that way, the book allows instructors to create a bridge between academic learning and applied practice. Each of the 32 finance cases presents a scenario and relevant background on a healthcare organization and poses a financial management issue that students must analyze in order to recommend appropriate courses of action. The majority of cases are accompanied by spreadsheet models to help students perform the required analyses. The casebook also contains seven qualitative mini-cases created to highlight the ethical dilemmas that occasionally arise in the practice of healthcare finance. Important changes to this edition: All cases have been updated, and many have been revised extensively, including new exhibits, timely topics, and new calculations Two new cases have been added to the book: One focuses on bond refunding and the other covers revenue cycle management A new mini-case focuses on the potential ethical conflicts involved with physician-owned distributors (PODs) The PowerPoint slides have been changed to allow instructors to first present a short introduction to the case and then, after students have completed their analyses, review each case by discussing three key learning points

The Case of the Climbing Cat

In the first half of the twentieth century, modernist works appeared not only in obscure little magazines and books published by tiny exclusive presses but also in literary reprint magazines of the 1920s, tawdry pulp magazines of the 1930s, and lurid paperbacks of the 1940s. In his nuanced exploration of the publishing and marketing of modernist works, David M. Earle questions how and why modernist literature came to be viewed as the exclusive purview of a cultural elite given its availability in such popular forums. As he examines sensational and popular manifestations of modernism, as well as their reception by critics and readers, Earle provides a methodology for reconciling formerly separate or contradictory materialist, cultural, visual, and modernist approaches to avant-garde literature. Central to Earle's innovative approach is

his consideration of the physical aspects of the books and magazines - covers, dust wrappers, illustrations, cost - which become texts in their own right. Richly illustrated and accessibly written, Earle's study shows that modernism emerged in a publishing ecosystem that was both richer and more complex than has been previously documented.

The high-stakes game of the underworld has new faces, working for and against Dawood Ibrahim - the shadowy, manipulative figure that pulls the strings. Dawood's own deputy turned arch-rival Chhota Rajan, thug-turned-politician Arun Gawli, Amar (Raavan) Naik and his engineer brother Ashwin Naik, and a host of other characters, big and small, walk the pages of this compelling history of the Maharashtrian mobsters who were once dubbed 'amchi muley', 'our boys', by Shiv Sena chief Bal Thackeray. Equally fascinating are the stories of the famous - and infamous - policemen and 'encounter specialists' who took the gangs on with great success and not too many scruples. Violence and deceit one expects to read of, but the strength of this book is also its ability to capture the mundane - almost naive - beginnings of what very quickly became the organized crime and brutal vendettas that held Mumbai to ransom through the last decades of the twentieth century. Meticulously researched and thrillingly told by the acknowledged expert on the underworld, this is faster-paced than *Dongri to Dubai*, and even more chilling in its implications for India and the subcontinent.

The authors and audiences for twentieth century Chinese literature, especially fiction, are examined in this book. While modern Chinese fictions are imaginary in that they do not constitute reliable portraits of Chinese life, they can reveal fascinating insights into the writers themselves and their implied audiences. The book also includes substantial reference to poetry, drama, film, and the visual arts as well as to the political and social context in which they appear.
